Community Supports Provider Onboarding Workflow

Contracting

Contracting Team will be notified of approvals from our Community Supports Services Team to assist with contracting efforts.

- IEHP currently has a total of 5 Contract Managers that would be assigned to assist in completing the contract agreements.
 - ❖ A Contract Manager would be assigned to assist in completing the contract based on the geographical region of the group.
 - ❖ Our team will reach out to the group within 24-48 hours for additional documents that are needed such as Vendor Banking Forms, ERA Forms, etc.
 - ❖ Once all documents needed are collected, the contract agreement will then be sent over to the group to review and sign.
 - ❖ Contract completions can take up to 30-45 days to complete based on the date the contract signature is received and if all documents are provided timely.

How to Become a Molina Community Supports Provider

Presenter: Natalie Allison, MSW – Manager of Healthcare Services, Community Supports

What is Community Supports?

Purpose and Administration of Community Supports

Medi-Cal managed care plans will have the option to integrate Community Supports into their population health management plans – often in combination with the new enhanced care management benefit

Community Supports would be focused on addressing combined medical and social determinants of health needs and avoiding higher levels of care or other future health care costs

Community Supports must be cost effective. For example, Community Supports might be provided as a substitute for, or to avoid, hospital or nursing facility admissions, discharge delays and emergency department use
