I. OVERVIEW AND BACKGROUND

In September 2023, the Department of Housing and Workforce Solutions (HWS) was selected as one of 16 communities to participate in Round 7 of the U.S. Department of Housing and Urban Development's (HUD) Youth Homelessness Demonstration Project (YHDP). HWS will receive a total of \$7,487,462 over two years through the YHDP initiative which includes \$748,746 in planning funds and \$6,738,716 in project funds to be used to provide housing and services for youth experiencing homelessness.

HWS on behalf of the Riverside County Continuum of Care is seeking proposals from qualified applicants for the HUD YHDP. Prospective applicants should read through all sections carefully to avoid submitting an incomplete or ineligible application. Failure to respond accurately to any submission requirement could result in an incomplete or noncompetitive proposal.

The Continuum of Care (CoC) Program (24 CFR Part 578) is designed to promote a community-wide commitment to the goal of ending homelessness; to provide funding for efforts by nonprofit providers, states, Indian Tribes, tribally designated housing entities (as defined in section 4 of the Native American Housing Assistance and Self-Determination Act of 1996 (24 U.S.C. 4103) (TDHEs)), and local governments to quickly rehouse homeless individuals, families, persons fleeing or attempting to flee domestic violence, dating violence, sexual assault, or stalking, and youth while minimizing the trauma and dislocation caused by homelessness; to promote access to and effective utilization of mainstream programs by homeless individuals and families; and to optimize self-sufficiency among those experiencing homelessness.

HWS serves as the CoC Lead Agency and Collaborative Applicant for the Riverside County CoC and works alongside the CoC to oversee the community's plan to organize and deliver supportive services, including housing options, which meet the specific needs of homeless individuals and families. The County of Riverside Department of Housing and Workforce Solutions and Continuum of Care Homeless Action Plan can be accessed here: [County of Riverside Homeless Action Plan 2022-2027](#)

II. Mission and Vision

The vision of the Riverside County CoC is to significantly reduce homelessness countywide, striving to make it rare, brief, and non-recurring. With the CoC's vision in mind, YHDP funds will be strategically utilized to cultivate and execute a coordinated community approach aimed at preventing and eradicating homelessness, with a particular emphasis on addressing the needs of youth ages 18-24. This funding will be led by youth partners both inside and outside of the Youth Action Board.

Our mission is to forge a comprehensive approach to not only end youth homelessness but also provide solutions for addressing youth homelessness. We are committed to cultivating a society where every young person has access to a safe, stable home surrounded by

supportive networks. We are a united community dedicated to eradicating youth homelessness. Through the teaching of self-discipline, we strive to cultivate healthier lifestyles, build self-esteem, nurture stronger bonds and relationships, and foster positive mindsets. As a collective, we envision a future where all youth feel safe, secure, and remain motivated and dedicated to a happy and healthy lifestyle. We will drive impactful change by encouraging and enduring a sense of intrigue, engagement, and the utilization of resilience.

YHDP funding will establish a comprehensive youth system of care in Riverside County, designed to promptly address the needs of homeless youth. Every funded component within this system will collaborate closely, ensuring coordinated efforts to support the youth population in Riverside County experiencing homelessness. YHDP Funded projects will include housing navigators, drop-in centers, transitional housing, and permanent housing models. All projects will work alongside the coordinated entry system, HomeConnect, to deliver efficient services tailored for youth and young adults experiencing homelessness.

III. ELIGIBLE APPLICANTS

To be eligible, bidder must meet the following conditions:

- a) Bidder shall be a non-profit organization or government agency.
- b) Bidder shall propose new programs only.
- c) Bidder, its officers, and employees are not currently debarred or suspended from doing business with the Federal Government, State of California, or a local government.
- d) Bidder must demonstrate project readiness and clearly show ability to complete the project by September 30, 2026.

IV. FUNDING FOR SERVICES

The Riverside County Continuum of Care will be eligible to apply for up to \$6,738,716 in Youth Homelessness Demonstration Program project funds upon approval of the [Riverside County Coordinated Community Plan \(CCP\)](#) under the FY 22 YHDP.

This RFP is competitive and project(s) selected will be evaluated by an independent review panel and ranked among all new projects and approved by the Youth Action Board, and CoC Board of Governance for inclusion in the Riverside County's CoC FY 2022 YHDP Application. We value and actively incorporate the expertise and leadership of youth through our Youth Action Board (YAB), ensuring that youth voices with lived experience guide and shape our efforts to bring about meaningful change in the landscape of youth homelessness. All proposal(s) will be reviewed based on HUD expectations and priorities, performance evaluation, as well as local needs. Given this, all applications must be complete, demonstrate strong project performance based on the specific guidelines of the RFP, and submitted by the deadline. Ineligible project applications will not be reviewed.

The population to be served with YHDP funding are youth/young adults aged 24 and under experiencing homelessness, including unaccompanied youth and pregnant or parenting youth who are experiencing homelessness.

VI. HUD'S HOMELESS POLICY PRIORITIES AND PROGRAM HIGHLIGHTS

This section provides additional context regarding the selection criteria HUD will use to establish Continuum of Care scores and is included here to help prospective applicants better understand how the criteria supports the goal of ending youth homelessness. Prospective applicants are encouraged to consider incorporating the following policy priorities and program highlights into their proposals to strengthen the competitiveness of their application. Doing so will further strengthen the Riverside County's Continuum of Care Application and maximize the competitiveness of each project application.

The Youth Homelessness Demonstration Program (YHDP) is an initiative designed to reduce the number of youth experiencing homelessness. The goal of the YHDP is to support selected communities, including rural, suburban, and urban areas across the United States, in the development and implementation of a coordinated community approach to preventing and ending youth homelessness. Additionally, HUD is committed to sharing the experience of YHDP communities and mobilizing communities around the country toward the same end.

The Youth Homelessness Demonstration Program (YHDP) has the following primary objectives:

1. **Prevent and End Youth Homelessness.** Provide funding, regulatory flexibility, and technical assistance to help communities develop housing and services for youth experiencing homelessness and make youth homelessness rare and, if it occurs, brief and non-recurring.

2. **Build national momentum.** Motivate state and local homelessness stakeholders and youth services providers, including Runaway and Homeless Youth providers across the country to prevent and end youth homelessness by forming new partnerships, addressing system barriers, conducting needs assessments, testing promising strategies, and evaluating their outcomes.
3. **Promote equity in the delivery and outcomes of homeless assistance.** Recipients should promote equity throughout the community's youth homeless response system for youth who are disproportionately more likely to experience homelessness, such as Black, Indigenous, Hispanic (non-white), and LGBTQ+ youth. Awarded communities will promote equity throughout their youth homeless response system and all YHDP projects will measure and demonstrate equitable delivery and outcomes. This includes identifying barriers that led to any disparities in subpopulations being served and taking steps to eliminate these barriers in the community's youth homeless response system.
4. **Highlight the importance of youth leadership.** Demonstrate effective models of strong leadership and agency by youth with lived experience in the community. Create replicable best practices of youth leadership for other communities.
5. **Evaluate the coordinated community approach.** Evaluate coordinated community approaches to preventing and ending youth homelessness, including local and state partnerships across sectors and other coordinated operation planning.
6. **Expand capacity.** Expand community capacity to serve youth experiencing homelessness (particularly by using a Housing First approach), pilot new models of assistance, and determine what array of interventions is necessary to serve the target population in their community.
7. **Evaluate performance measures.** Evaluate the use of performance measurement strategies designed to better measure youth outcomes and the connection between youth program outcomes and youth performance measures on overall system performance for the Continuum of Care (CoC).
8. **Establish a framework for Federal program and Technical Assistance (TA) provider collaboration.** Determine the most effective way for Federal resources to interact within a state or local system to support a coordinated community approach to preventing and ending youth homelessness.

This Subrecipient Agreement for the Youth Homelessness Demonstration Program (herein referred to as "Agreement") is made and entered into this [DATE] day of [MONTH], 2024, by and between [SUBRECIPIENT], a [ENTITY TYPE] (herein referred to as "SUBRECIPIENT") and the Department of Housing and Workforce Solutions, ("HWS"), a political subdivision of the State of California (herein referred to as "COUNTY").

As authorized by the Consolidated Appropriations Act, 2022 (Public Law 117-103, approved March 15, 2022), U.S. Department of Housing and Urban Development (HUD) developed the Youth Homelessness Demonstration Program ("YHDP") to implement projects to demonstrate how a comprehensive approach to serving homeless youth, age 24 and under, can dramatically reduce youth homelessness. The YHDP has eight primary objectives:

1. Prevent and End Youth Homelessness;
2. Build national momentum;
3. Promote equity in the delivery and outcomes of homeless assistance;
4. Highlight the importance of youth leadership;
5. Evaluate the coordinated community approach;
6. Expand capacity;
7. Evaluate performance measures; and
8. Establish a framework for Federal program and Technical Assistance (TA) provider collaboration.

WHEREAS, HUD developed the YHDP to support selected communities in the development and implementation of a coordinated community approach to prevent and end youth homelessness. The YHDP will guide communities in designing solutions that match the needs in their community, and share that experience with and mobilize communities around the country toward the same end.

WHEREAS, the COUNTY desires to contract with SUBRECIPIENT for eligible uses of YHDP funds that are consistent with providing services to youth experiencing homelessness, aged 24 and under, including unaccompanied youth and pregnant or parenting youth who are experiencing homelessness in Riverside County.

NOW THEREFORE, the parties agree as follows:

1. DEFINITIONS

- A. "Administrative Entity" means a unit of general purpose local government (city, county or a city that is also a county) or nonprofit organization that has previously administered federal Department of Housing and Urban Development Continuum of Care funds as the collaborative applicant pursuant to Section 578.3 of Title 24 of the Code of Federal Regulations that has been designated by its Continuum of Care to administer YHDP Program funds.
- B. "Budget Amendment" means any change affecting the overall total grant amount awarded that may or may not affect the scope of work.

Privacy and Security Standards

I. PHYSICAL SECURITY

The Contractor shall ensure PII is used and stored in an area that is physically safe from access by unauthorized persons at all times. The Contractor agrees to safeguard PII from loss, theft, or inadvertent disclosure and, therefore, agrees to:

- A. Secure all areas of the Contractor facilities where staff assist in the administration of their program and use, disclose, or store PII.
- B. These areas shall be restricted to only allow access to authorized individuals by using one or more of the following:
 - 1. Properly coded key cards
 - 2. Authorized door keys
 - 3. Official identification
- C. Issue identification badges to Contractor staff.
- D. Require Contractor staff to wear these badges where PII is used, disclosed, or stored.
- E. Ensure each physical location, where PII is used, disclosed, or stored, has procedures and controls that ensure an individual who is terminated from access to the facility is promptly escorted from the facility by an authorized employee and access is revoked.
- F. Ensure there are security guards or a monitored alarm system at all times at the Contractor facilities and leased facilities where five hundred (500) or more individually identifiable PII records are used, disclosed, or stored. Video surveillance systems are recommended.
- G. Ensure data centers with servers, data storage devices, and/or critical network infrastructure involved in the use, storage, and/or processing of PII have perimeter security and physical access controls that limit access to only authorized staff. Visitors to the data center area must be escorted at all times by authorized staff.
- H. Store paper records with PII in locked spaces, such as locked file cabinets, locked file rooms, locked desks, or locked offices in facilities which are multi-use meaning that there are County and non-County functions in one building in work areas that are not securely segregated from each other. It is recommended that all PII be locked up when unattended at any time, not just within multi-use facilities.
- I. Use all reasonable measures to prevent non-authorized personnel and visitors from having access to, control of, or viewing PII.

II. TECHNICAL SECURITY CONTROLS

- A. Workstation/Laptop Encryption. All workstations and laptops, which use, store and/or process PII, must be encrypted using a FIPS 140-2 certified algorithm 128 bit or higher, such as Advanced Encryption Standard (AES). The encryption solution must be full disk. It is encouraged, when available and when feasible, that the encryption be 256 bit.
- B. Server Security. Servers containing unencrypted PII must have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk

assessment/system security review. It is recommended to follow the guidelines documented in the latest revision of the National Institute of Standards and Technology (NIST) Special Publication (SP) 800-53, Security and Privacy Controls for Federal Information Systems and Organizations.

- C. Minimum Necessary. Only the minimum necessary amount of PII required to perform required business functions may be accessed, copied, downloaded, or exported.
- D. Mobile Device and Removable Media. All electronic files, which contain PII data, must be encrypted when stored on any mobile device or removable media (i.e. USB drives, CD/DVD, smartphones, tablets, backup tapes etc.). Encryption must be a FIPS 140-2 certified algorithm 128 bit or higher, such as AES. It is encouraged, when available and when feasible, that the encryption be 256 bit.
- E. Antivirus Software. All workstations, laptops and other systems, which process and/or store PII, must install and actively use an antivirus software solution. Antivirus software should have automatic updates for definitions scheduled at least daily.
- F. Patch Management.
 - 1. All workstations, laptops and other systems, which process and/or store PII, must have critical security patches applied, with system reboot if necessary.
 - 2. There must be a documented patch management process that determines installation timeframe based on risk assessment and vendor recommendations.
 - 3. At a maximum, all applicable patches deemed as critical must be installed within thirty (30) days of vendor release. It is recommended that critical patches which are high risk be installed within seven (7) days.
 - 4. Applications and systems that cannot be patched within this time frame, due to significant operational reasons, must have compensatory controls implemented to minimize risk.
- G. User IDs and Password Controls.
 - 1. All users must be issued a unique username for accessing PII.
 - 2. Username must be promptly disabled, deleted, or the password changed upon the transfer or termination of an employee within twenty- four (24) hours. Note: Twenty-four (24) hours is defined as one (1) working day.
 - 3. Passwords are not to be shared.
 - 4. Passwords must be at least eight (8) characters.
 - 5. Passwords must be a non-dictionary word.

7. Client Inspection/Correction:

Upon receipt of a written request from a Client, AGENCY shall allow the Client to inspect and obtain a copy of his or her own information during regular business hours. AGENCY is not required to provide a Client access to information (a) compiled in reasonable anticipation of, or for use in, a civil, criminal or administrative action or proceeding; (b) about another individual; (c) obtained under a promise of confidentiality if disclosure would reveal the source of the information; and (d) which, if disclosed, would be reasonably likely to endanger the life or physical safety of any individual. AGENCY must allow a Client to correct information that is inaccurate or incomplete; provided, however, that prior to correcting such information, AGENCY shall consult with HMIS. Such consultation is necessary to ensure proper coordination between the AGENCY's response and the capabilities of the HMIS system, unless the requested correction is a routine correction of a common data element for which a field exists in HMIS (e.g., date of birth, prior residence, social security number, etc.). AGENCY is not required to remove any information as a result of a correction, but may, in the alternative, mark information as inaccurate or incomplete and may supplement it with additional information.

8. Security:

AGENCY shall maintain the security and confidentiality of information in the HMIS and is responsible for the actions of its employees, contractors, volunteers, or agents and their proper training and supervision. AGENCY agrees to follow the *HMIS Policies and Standard Operating Procedures* on security (hereafter "Security Rule"), which by this reference is incorporated herein and which may be modified from time to time at HMIS LEAD's discretion. At its discretion, HMIS LEAD may conduct periodic assessments of AGENCY to monitor its compliance with the Security Rule. The steps AGENCY must take to maintain security and confidentiality include, but are not limited to:

- A. Access. AGENCY will permit password-protected access to the HMIS only to authorized AGENCY staff who need information from the HMIS for legitimate business purposes (such as to provide services to the Client, to conduct evaluation or research, to administer the program, or to comply with regulatory requirements). AGENCY will limit the access of such staff to only those records that are immediately relevant to their work assignments.
- B. User Code of Ethics. Prior to permitting any User to access HMIS, AGENCY will require the User to sign an *HMIS User Agreement/Code of Ethics* ("User Code of Ethics"), which is incorporated herein by this reference and which may be amended from time to time at HMIS LEAD's discretion. AGENCY will comply with and enforce the User Code of Ethics and will inform HMIS LEAD immediately in writing of any breaches of the User Code of Ethics.

i. Any staff, volunteer or other person who has been granted a User ID and password and is found to have committed a breach of system security and/or Client confidentiality will have his/her access to the database revoked immediately.

ii. In the event of a breach of system security or Client confidentiality, the Director of the AGENCY shall notify HMIS LEAD within twenty-four (24) hours. Any AGENCY that is found to have had breaches of system security and/or Client confidentiality shall enter a period of probation, during which technical assistance shall be provided to help the AGENCY prevent further breaches.

Probation shall remain in effect until HMIS LEAD has evaluated the AGENCY's security and confidentiality measures and found them compliant with the policies stated in this Agreement and the User Code of Ethics. Subsequent violations of system security may result in suspension from the HMIS.

- C. User Authentication. AGENCY will permit access to HMIS only with use of a User authentication system consisting of a username and a password which the User may not share with others. Written information pertaining to User access (e.g., username and password) shall not be stored or displayed in any publicly accessible location. Passwords shall be between eight and twelve characters long and include both letters and numbers. Passwords shall not be, or include the username, the HMIS vendor's name, the HMIS LEAD name, the AGENCY's name, or consist entirely of any word found in the common dictionary or any of the forenamed words spelled backwards. The use of default passwords on initial entry into the HMIS is allowed so long as the User changes the default password on first use. Individual Users must not be able to log on to more than one workstation at a time, or be able to log on to the network at more than one location at a time. Passwords and usernames shall be consistent with guidelines issued from time to time by HUD and HMIS LEAD. Passwords and usernames shall not be exchanged electronically without HMIS LEAD's approval.
- D. Hard Copies. The AGENCY must secure any paper or other hard copy containing Identifying Information that is generated either by or for the HMIS LEAD, including, but not limited to reports, data entry forms and signed consent forms. Any paper or other hard copy generated by or for the HMIS LEAD that contains such information must be supervised at all times when it is in a public area. If AGENCY staff is not present, the information must be secured in areas that are not publicly accessible. Agencies wishing to dispose of hard copies containing Identifying Information must do so by shredding the documents or by other equivalent means with approval by HMIS LEAD. Written information specifically pertaining to User access (e.g., username and password) must not be stored or displayed in any publicly accessible location.
- E. Training/Assistance. HMIS LEAD will conduct ongoing basic confidentiality training for all persons with access to the HMIS and will train all persons who may receive

information produced from the HMIS on the confidentiality of such information. AGENCY will participate in such training as is provided from time to time by HMIS LEAD. Representatives of HMIS LEAD will be reasonably available during HMIS's defined weekday business hours for technical assistance (e.g., troubleshooting and report generation).
