PURPOSE/BACKGROUND

1. OVERVIEW

The Housing and Workforce Solutions (HWS) Department on behalf of the Riverside County Continuum of Care is seeking proposals from qualified applicants for the U.S. Department of Housing and Urban Development (HUD) Continuum of Care Supplemental to Address Unsheltered Homelessness Competition. Prospective applicants should read through all sections carefully to avoid submitting an incomplete or ineligible application. Failure to respond accurately to any submission requirement could result in an incomplete or noncompetitive proposal. The purpose of the program is to target efforts to reduce unsheltered homelessness, particularly in communities with very high levels of unsheltered homelessness and homelessness in rural areas. HUD will award funding to communities to implement coordinated approaches -- grounded in Housing First and public health principles – to reduce the prevalence of unsheltered homelessness, and improve services engagement, health outcomes, and housing stability among highly vulnerable unsheltered individuals and families. HUD expects applicant communities to partner with health and housing agencies to leverage mainstream housing and healthcare resources.

The Continuum of Care (CoC) Program (24 CFR part 578) is designed to promote a communitywide commitment to the goal of ending homelessness; to provide funding for efforts by nonprofit providers, states, Indian Tribes, tribally designated housing entities (as defined in section 4 of the Native American Housing Assistance and Self-Determination Act of 1996 (25 U.S.C. 4103) (TDHEs)), and local governments to quickly rehouse homeless individuals, families, persons fleeing or attempting to flee domestic violence, dating violence, sexual assault, or stalking while minimizing the trauma and dislocation caused by homelessness; to promote access to and effective utilization of mainstream programs by homeless individuals and families; and to optimize self-sufficiency among those experiencing homelessness.

HWS serves as the CoC Lead Agency and Collaborative Applicant for the Riverside County CoC and works alongside the CoC to oversee the community's plan to organize and deliver supportive services, including housing options, which meet the specific needs of homeless individuals and families. The County of Riverside Department of Housing and Workforce Solutions and Continuum of Care Homeless Action Plan can be accessed here: [County of Riverside Homeless Action Plan 1.pdf \(harivco.org\)](https://www.harivco.org/files/2022/09/County_of_Riverside_Homeless_Action_Plan_1.pdf)

Eligible project applicants for the CoC Program are identified in Section V.A and V.B.3.a of this Notice of Funding Opportunity ([NOFO](#)). For-profit entities are ineligible and applications from them will not be reviewed.

2. FUNDING FOR SERVICES

The County of Riverside Continuum of Care is making available up to \$13,724,977 as part of the 2022 Supplemental Funding Opportunity to Address Unsheltered Homelessness Application to provide assistance under the following components:

1. **For Permanent Housing Projects** prospective applicants may submit proposals for the following project components that offer 1) Scattered-site rental assistance where program participants

choose their own rental unit or 2) Restricted-units that are pre-determined and specific to a project site(s):

- a. *New Permanent Supportive Housing (PH-PSH) Projects*: Permanent housing as set forth in [24 CFR § 578.3](#) means permanent housing in which supportive services are provided to assist homeless persons with a disability to live independently.
 - b. *New Permanent Housing-Rapid Re-Housing (PH-RRH)*: Continuum of Care funds may provide supportive services, as set forth in § 578.53, and/or short-term (up to 3 months) and/or medium-term (for 3 to 24 months) tenant-based rental assistance, as set forth in § 578.51(c), as necessary to help a homeless individual or family, with or without disabilities, move as quickly as possible into permanent housing and achieve stability in that housing. When providing short-term and/or medium-term rental assistance to program participants, the rental assistance is subject to § 578.51(a)(1), but not § 578.51(a)(1)(i) and (ii); (a)(2); (c) and (f) through (i); and (l)(1). These projects:(A) Must follow the written policies and procedures established by the Continuum of Care for determining and prioritizing which eligible families and individuals will receive rapid rehousing assistance, as well as the amount or percentage of rent that each program participant must pay.(B) May set a maximum amount or percentage of rental assistance that a program participant may receive, a maximum number of months that a program participant may receive rental assistance, and/or a maximum number of times that a program participant may receive rental assistance. The recipient or subrecipient may also require program participants to share in the costs of rent. (C) Limit rental assistance to no more than 24 months to a household. (D) May provide supportive services for no longer than 6 months after rental assistance stops.(E) Must re-evaluate, not less than once annually, that the program participant lacks sufficient resources and support networks necessary to retain housing without Continuum of Care assistance and the types and amounts of assistance that the program participant needs to retain housing. (F) Require the program participant to meet with a case manager not less than once per month to assist the program participant in ensuring long-term housing stability. The project is exempt from this requirement if the Violence Against Women Act of 1994 (42 U.S.C. 13925 *et seq.*) or the Family Violence Prevention and Services Act (42 U.S.C. 10401 *et seq.*) prohibits the recipient carrying out the project from making its housing conditional on the participant's acceptance of services.
2. ***Supportive Services Only Projects- Coordinated Entry***: Pursuant to the requirements of the Special [NOFO](#), projects under this category must directly support the Riverside County CoC Coordinated Entry System (CES). Proposals must make coordinated entry easily available/reachable for all persons within the CoC's geographic area who are seeking homeless assistance. Proposals must make coordinated entry accessible for persons with disabilities within the CoC's geographic area. *Only the CES lead Agency, RUHS – Behavioral Health is eligible to apply for these grant funds.
 3. ***Supportive Services Only Projects- non coordinated entry (SSO-Street Outreach and SSO other)***: Pursuant to § 578.53, grant funds may be used to pay the eligible costs of supportive services that address the special needs of the program participants. If the supportive services are provided in a supportive service facility not contained in a housing

structure, the costs of day-to-day operation of the supportive service facility, including maintenance, repair, building security, furniture, utilities, and equipment are eligible as a supportive service. An expanded definition may be found [here](#).

4. **Joint TH and PH-RRH projects**

a. Joint Transitional Housing (TH) and Permanent Housing – Rapid Re-Housing (PH-RRH) projects- The Joint TH and PH-RRH component project combines two existing program components—transitional housing and permanent housing-rapid rehousing—in a single project to serve individuals and families experiencing homelessness. Recipients should prioritize those with the highest needs using an evidence-based approach designed to provide stable housing and services that, to the greatest extent possible, move the participant towards self-sufficiency and independence. Program participants may only receive up to 24-months of total assistance. For more information about Joint TH and PH-RRH component projects, see Section V.C.3 of this [NOFO](#). If funded, HUD will limit eligible costs as follows, in addition to other limitations found in 24 CFR part 578:

- i. leasing of a structure or units, and operating costs to provide transitional housing;
- ii. short- or medium-term tenant-based rental assistance on behalf of program participants to pay for the rapid rehousing portion of the project;
- iii. supportive services;
- iv. HMIS;
- v. project administrative costs.

When a program participant is enrolled in a Joint TH and PH-RRH component project, the recipient or subrecipient must be able to provide both components, including the units supported by the transitional housing component and the tenant-based rental assistance and services provided through the PH-RRH component, to all participants. A program participant may choose to receive only the transitional housing unit, or the assistance provided through the PH-RRH component, but the recipient or subrecipient must make both types of assistance available. Additionally, if funds under this [NOFO](#), are not being requested for both TH and PH-RRH units, the project application must still describe the number of TH and PH-RRH units that will be utilized by the project, if selected for conditional award, and provide details in the project description of how TH and PH-RRH assistance will be provided.

Eligible Costs

For the Unsheltered Homelessness Set Aside 24 CFR 578.37 through 578.63 identify the eligible costs, except projects applying for funds under the Unsheltered Homelessness Set Aside may not request funds for acquisition (24 CFR 578.43), rehabilitation (24 CFR 578.45), or new construction (24 CFR 578.47). HUD will reject any requests for ineligible costs and HUD will reject any projects that request funds for acquisition, new construction, or rehabilitation.

Restrictive Activities:

- a. Applications for Unsheltered Homelessness funds cannot include requests for new construction and rehabilitation activities.
- b. Applications for Unsheltered Homelessness funds cannot propose to serve persons defined as homeless under Category 3 of the HUD definition. Therefore, projects for transitional aged youth are excluded from this funding opportunity.

- c. All projects and units must be new. HUD will not fund projects that duplicate other funded programs or activities from prior year awards or other selected applicants.

This Competition is separate from the FY 2022 CoC Program Competition. Therefore, any information provided in response to the selection criteria in Section VII will not be carried forward to the CoC's FY 2022 CoC Program application, and any amounts applied for or awarded under this Special [NOFO](#) will not impact the amount the CoC may apply for or be awarded in the FY 2022 CoC Program Competition.

All new projects that are awarded funding will be subject to the terms and conditions of the 2022 HUD CoC Supplemental to Address Unsheltered and Rural Homelessness [NOFO](#).

3. **POPULATION TO BE SERVED AND PARTICIPANT ELIGIBILITY**

1. The population to be served must meet program eligibility requirements as described in the Act, 24 CFR part 578, and include persons with severe service needs. For purposes of this RFP, severe service shall include any combination of the factors below:
 - a. facing significant challenges or functional impairments, including any physical, mental, developmental, or behavioral health disabilities regardless of the type of disability, which require a significant level of support to maintain permanent housing. This factor focuses on the level of support needed and is not based on disability type
 - b. high utilization of crisis or emergency services to meet basic needs, including but not limited to emergency rooms, jails, and psychiatric facilities
 - c. currently living in an unsheltered situation or having a history of living in an unsheltered situation, including encampments
 - d. experiencing a vulnerability to illness or death
 - e. having a risk of continued or repeated homelessness
 - f. being vulnerable to victimization, including physical assault, trafficking or sex work
2. Participant eligibility criteria for program participants also includes:
 - a. Meeting the criteria of paragraph (1) of the definition of homeless at 24 CFR 578.3, except that persons coming from transitional housing must have originally come from places not meant for human habitation, emergency shelters, safe havens, or institutions where they resided for 90 days or less and originally came from places not meant for human habitation, safe havens, or emergency shelters; or
 - b. Meeting the criteria of paragraph (4) of the definition of homeless at 24 CFR 578.3.
 - c. References to paragraphs of the definition of homelessness refer to the paragraphs listed under the definition of "homeless" in 24 CFR 578.3. All projects must participate in coordinated entry. Additionally, all projects must operate consistently with the CoC Plan for Serving Individuals and Families Experiencing Homelessness with Severe Service Needs described in Section VII.B.4 of HUD's [NOFO](#).

4. HUD's HOMELESS POLICY PRIORITIES AND PROGRAM HIGHLIGHTS

This section provides additional context regarding the selection criteria HUD will use to establish CoC scores and is included to help prospective applicants better understand how this criteria supports the goal of ending homelessness. Prospective applicants are encouraged to consider incorporating the following HUD policy priorities and program highlights into their proposals to strengthen the competitiveness of their application. Doing so will further strengthen the Riverside County's Special Continuum of Care Application to address unsheltered homelessness and maximize the competitiveness of each project application.

As described in Section 3, Subsection 2 of this RFP, the 2022 HUD Continuum of Care Supplemental to Address Unsheltered and Homelessness Program Competition centers on persons with severe service needs and leverages housing and health care resources outside the CoC and ESG programs.

1. *Unsheltered Homelessness.* Unsheltered homelessness is continuing to rise in many areas of the country and recent analysis of homelessness data shows that people experiencing unsheltered homelessness report significantly greater health challenges and experiences of trauma and violence than their sheltered peers. These challenges often begin before they lose their housing. This [NOFO](#) supports this highly vulnerable population by supporting CoCs in their efforts to identify people living in unsheltered situations, including encampments, and connects them with health and housing resources. It also supports CoCs in their efforts to enhance their Homeless Management Information System (HMIS) to collect more comprehensive data on people experiencing unsheltered homelessness in their geographic area.
2. *Providing Assistance on Tribal Lands.* Indian Reservations and Trust Lands may be all or part of a CoCs' geographic areas, and Indian Tribes and Tribally Designated Housing Entities are eligible recipients of CoC Program funds. This [NOFO](#) provides additional incentives for creating projects that serve individuals and families in geographic areas that have high levels of homelessness, housing distress, or poverty, and are located where CoC services have until now been entirely unavailable, such as, for example, Trust Lands and Reservations.
3. *Involving a Broad Array of Stakeholders in the CoC's Efforts to Reduce Homelessness.* Ending homelessness cannot be achieved by homeless service organizations alone. It requires coordination with a variety of other stakeholders, including affordable housing developers, mainstream service providers, the business community, victim service providers, political leaders, and healthcare providers. This [NOFO](#) supports and encourages CoCs to invite a variety of stakeholders to develop and implement a CoC Plan to Serve Individuals and Families Experiencing Homelessness with Severe Service Needs.
4. *Advancing Equity.* In nearly every community, Black, Indigenous, and other people of color as well as individuals who identify as LGBTQ+ and individuals with disabilities are substantially overrepresented in the homeless population. HUD is emphasizing system and program changes to address equity within CoCs through identifying and addressing the needs of subpopulations who are disproportionately more likely to experience homelessness, such as the populations identified above, and other populations who are disproportionately more likely to experience homelessness. CoCs should be reviewing their strategies to support and serve underserved communities in their geographic area, identify barriers that led to any disparities in communities being served, and take steps to eliminate these barriers. This includes, in conjunction with people experiencing

homelessness, reviewing local policies, procedures, and processes to determine where and how to address disparities affecting underserved communities experiencing homelessness.

5. *Use a Housing First approach.* Housing First prioritizes rapid placement and stabilization in permanent housing and does not have service participation requirements or preconditions. Projects funded under this [NOFO](#) should help individuals and families move quickly into permanent housing, and the CoC should measure and help projects reduce the length of time people experience homelessness as well as ensure projects are correctly implementing a Housing First approach. Additionally, CoCs should engage landlords and property owners to identify an inventory of housing available for rapid rehousing and permanent supportive housing participants, remove barriers to entry, and adopt service delivery methods that respond to the preferences and needs of the individual or family presenting for assistance.

5. GENERAL APPLICATION REQUIREMENTS

1. The initial grant term for projects will be 3 years.
2. Match must be no less than 25% of the total request, including Administration costs, but excluding leasing costs (i.e., Leased Units and Leased Structures).
3. CoC Program funds cannot be awarded if used to replace state or local government funds.
4. Funds cannot be used to serve program participants in existing shelter beds (e.g., individuals receiving assistance must be unsheltered).
5. Funds cannot be used to support emergency shelter projects.
6. All project proposals must utilize the Housing First Approach and participate in Coordinated Entry, and the selection of program participants must be consistent with Riverside CoC's coordinated entry system process which can be found at [CES Policies and Procedures Amended 5 20 2021.pdf \(harivco.org\)](#).
7. Projects should demonstrate coordination with HUD's Homeless Policy Priorities and Program Highlights under Section 4 of this application which include incorporating projects that include partnerships with housing and healthcare providers.
8. Applicants are strongly encouraged to utilize [Point-in-Time Count data](#), and the Homeless Action Plan at [County of Riverside Homeless Action Plan 1.pdf \(harivco.org\)](#) to ensure they are taking a systems level approach when developing their proposals.
9. Additionally, all project applicants must ensure their organization has a Code of Conduct that complies with the requirements of 2 CFR part 200 and is on file with HUD at https://www.hud.gov/program_offices/spm/gmomgmt/grantsinfo/conduct. If the organization's Code of Conduct does not appear on HUD's website, the project applicant must attach its Code of Conduct that includes all required information to its Project Applicant Profile in e-snaps.

- How the CoC's prioritization strategies will contribute to reducing unsheltered homelessness within the CoC's geographic area.

- CoCs must describe how they will ensure the resources awarded under this Special [NOFO](#) will contribute to reducing unsheltered homelessness in their geographic area and how they will prioritize assistance for individuals and families who are currently unsheltered or have histories of unsheltered homelessness. - Clearly describe the meaningful outreach efforts (e.g., street outreach, social media announcements) to engage those with lived homelessness experience to develop a working group (e.g., advisory committee, subcommittee) and who attach a letter of support for this Special [NOFO](#) from a working group comprised of individuals with lived experience of homelessness.
- How the working group is intentionally used in the CoC decision making process (i.e., what type of voting authority do the members have on policy, the ability to influence local policy, and priorities that impact those experiencing homelessness)

Section 7: Supporting Underserved Communities and Supporting Equitable Community Development

- The extent to which CoCs support and serve underserved communities in their geographic area and offer equitable housing interventions to address their needs
- Current strategy to identify populations in the CoC's geography that have not been served by the homeless system at the same rate they are experiencing homelessness.

Accessing the CoC Program Project Application in *e-snaps*

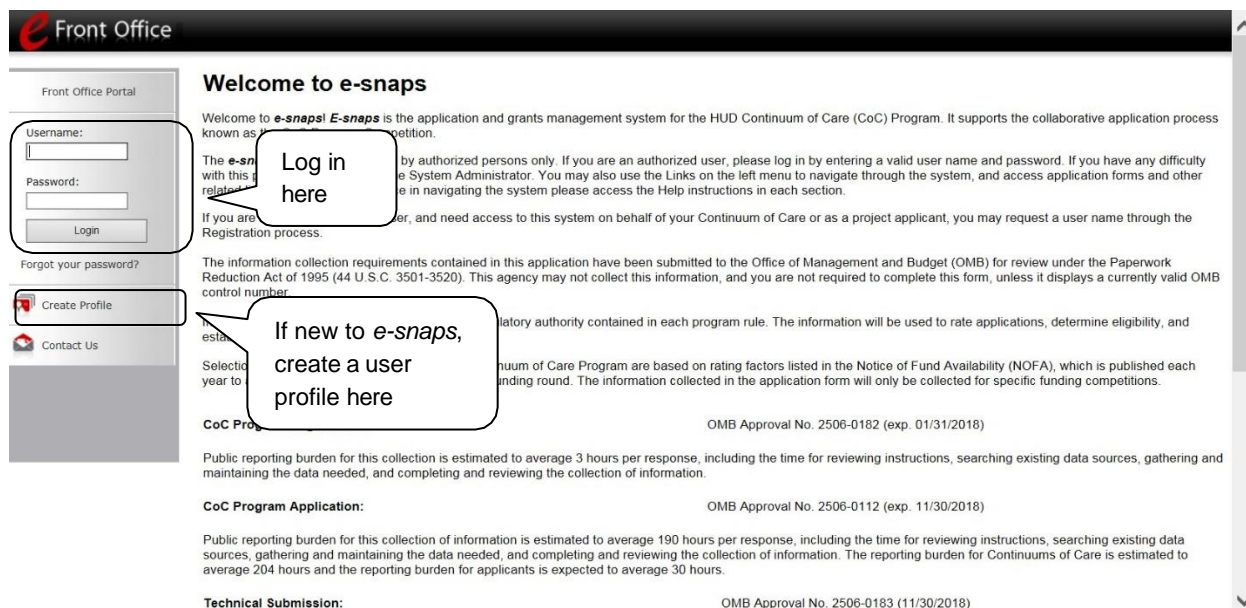

Introduction

This document provides step-by-step instructions on how to access the Project Application in *e-snaps*. It is organized into the following sections:

- [Access e-snaps](#)
- [Create the Project](#)
- [Access the Project Application on the Submissions Screen](#)

Access *e-snaps*

All *e-snaps* users need usernames and passwords to log in to the *e-snaps* system. To see an organization's Project Applicant Profile and Project Applications, the *e-snaps* user needs to be associated as a "registrant" with the organization's *e-snaps* account.

If you need access to *e-snaps* and/or to your organization's *e-snaps* account, see the following resources:

- [Create an e-snaps User Profile](#)
- [Give Staff Access to Your Organization's e-snaps Account](#)
- [Request Access to Your Organization's e-snaps Account](#)

There are two steps you must complete to gain access to the current Fiscal Year project application.

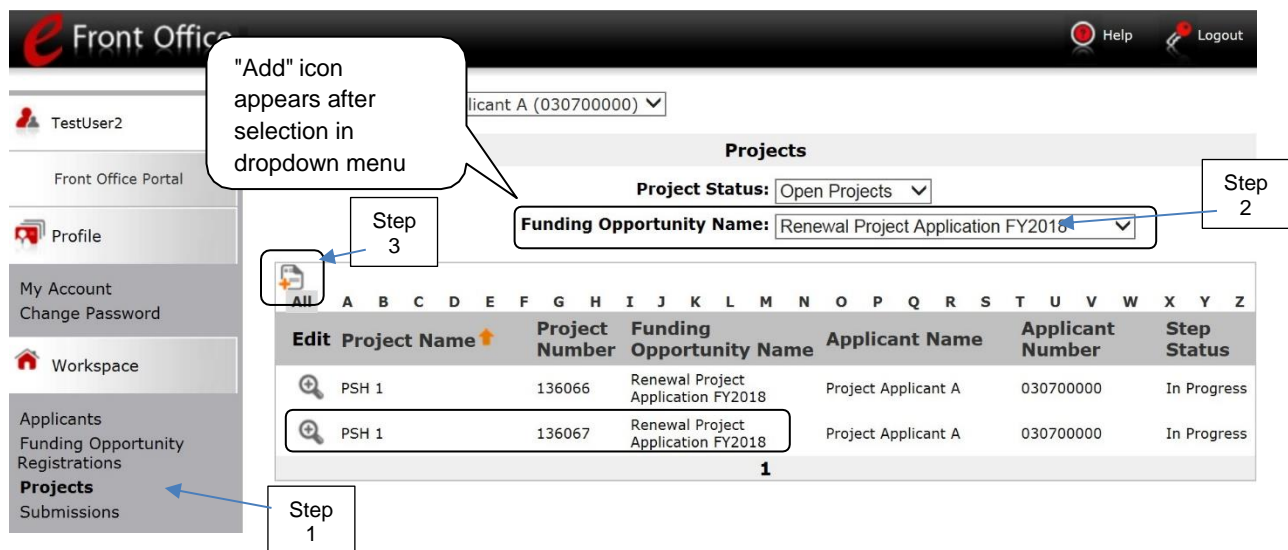

Step 1: Create the Project

** Renewal Projects will start at Step 2 and search for their project under "Submissions" on the left menu bar.**

You must create a project for the Project Application in *e-snaps* on the "Projects" screen. Creating a project is an intermediate step; you do NOT enter the Application information from the "Projects" screen. That step will occur on the "Submissions" screen.

Once you "create" the Project, the Project will appear on this screen. In the example below, the term "Renewal Project Application" appears under the "Funding Opportunity Name" column.

"Creating a Project" means "giving the project application a name."

Step	Description
1.	Select "Projects" on the left menu bar.
2.	Select the applicable funding opportunity from the "Funding Opportunity Name" dropdown. Example: "Renewal Project Application FY 2018"
3.	The screen refreshes and an "Add" icon  appears on the left side of the screen above the column headings.
4.	Select the "Add" icon.
5.	If your project is not listed, the "Create a Project" screen appears.

| 3. | In the "Import Data From:" field, select the project that is being renewed. If this is a new project, you will not see the "Import Date From" field.

If you chose to import, you must review and update each screen (if needed) to ensure the imported information is current and all fields have been completed. |
| 4. | Select "Save & Back" to return to the "Projects" screen. |
| 5. | The project name is listed in the menu.
Select the "View" icon  to view project details; however, it is not necessary to enter any notes on that page. |

Step 2: Access the Project Application on the Submission Screen

After creating the Project Application project, you now have access to the Project Application and can complete the screens. You must access the Project Application screens through the "Submissions" screen.

"Submissions" refers to both submitted project applications and project applications that are in progress to be submitted.

This screen also includes applications that are created by mistake and are not intended to be submitted. Once you have created a project on the Projects screen and it appears here, you cannot delete it. You can only rename it.

Use the Filters to find the project name

Privacy and Security Standards

I. PHYSICAL SECURITY

The Contractor shall ensure PII is used and stored in an area that is physically safe from access by unauthorized persons at all times. The Contractor agrees to safeguard PII from loss, theft, or inadvertent disclosure and, therefore, agrees to:

- A. Secure all areas of the Contractor facilities where staff assist in the administration of their program and use, disclose, or store PII.
- B. These areas shall be restricted to only allow access to authorized individuals by using one or more of the following:
 1. Properly coded key cards
 2. Authorized door keys
 3. Official identification
- C. Issue identification badges to Contractor staff.
- D. Require Contractor staff to wear these badges where PII is used, disclosed, or stored.
- E. Ensure each physical location, where PII is used, disclosed, or stored, has procedures and controls that ensure an individual who is terminated from access to the facility is promptly escorted from the facility by an authorized employee and access is revoked.
- F. Ensure there are security guards or a monitored alarm system at all times at the Contractor facilities and leased facilities where five hundred (500) or more individually identifiable PII records are used, disclosed, or stored. Video surveillance systems are recommended.
- G. Ensure data centers with servers, data storage devices, and/or critical network infrastructure involved in the use, storage, and/or processing of PII have perimeter security and physical access controls that limit access to only authorized staff. Visitors to the data center area must be escorted at all times by authorized staff.
- H. Store paper records with PII in locked spaces, such as locked file cabinets, locked file rooms, locked desks, or locked offices in facilities which are multi-use meaning that there are County and non-County functions in one building in work areas that are not securely segregated from each other. It is recommended that all PII be locked up when unattended at any time, not just within multi-use facilities.
- I. Use all reasonable measures to prevent non-authorized personnel and visitors from having access to, control of, or viewing PII.

II. TECHNICAL SECURITY CONTROLS

- A. Workstation/Laptop Encryption. All workstations and laptops, which use, store and/or process PII, must be encrypted using a FIPS 140-2 certified algorithm 128 bit or higher, such as Advanced Encryption Standard (AES). The encryption solution must be full disk. It is encouraged, when available and when feasible, that the encryption be 256 bit.
- B. Server Security. Servers containing unencrypted PII must have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk

assessment/system security review. It is recommended to follow the guidelines documented in the latest revision of the National Institute of Standards and Technology (NIST) Special Publication (SP) 800-53, Security and Privacy Controls for Federal Information Systems and Organizations.

- C. Minimum Necessary. Only the minimum necessary amount of PII required to perform required business functions may be accessed, copied, downloaded, or exported.
- D. Mobile Device and Removable Media. All electronic files, which contain PII data, must be encrypted when stored on any mobile device or removable media (i.e. USB drives, CD/DVD, smartphones, tablets, backup tapes etc.). Encryption must be a FIPS 140-2 certified algorithm 128 bit or higher, such as AES. It is encouraged, when available and when feasible, that the encryption be 256 bit.
- E. Antivirus Software. All workstations, laptops and other systems, which process and/or store PII, must install and actively use an antivirus software solution. Antivirus software should have automatic updates for definitions scheduled at least daily.
- F. Patch Management.
 - 1. All workstations, laptops and other systems, which process and/or store PII, must have critical security patches applied, with system reboot if necessary.
 - 2. There must be a documented patch management process that determines installation timeframe based on risk assessment and vendor recommendations.
 - 3. At a maximum, all applicable patches deemed as critical must be installed within thirty (30) days of vendor release. It is recommended that critical patches which are high risk be installed within seven (7) days.
 - 4. Applications and systems that cannot be patched within this time frame, due to significant operational reasons, must have compensatory controls implemented to minimize risk.
- G. User IDs and Password Controls.
 - 1. All users must be issued a unique username for accessing PII.
 - 2. Username must be promptly disabled, deleted, or the password changed upon the transfer or termination of an employee within twenty- four (24) hours. Note: Twenty- four (24) hours is defined as one (1) working day.
 - 3. Passwords are not to be shared.
 - 4. Passwords must be at least eight (8) characters.
 - 5. Passwords must be a non-dictionary word.
 - 6. Passwords must not be stored in readable format on the computer or server.
 - 7. Passwords must be changed every ninety (90) days or less. It is recommended that passwords be required to be changed every sixty (60) days or less.
 - 8. Passwords must be changed if revealed or compromised.
 - 9. Passwords must be composed of characters from at least three (3) of the following four (4) groups from the standard keyboard:
 - a. Upper case letters (A-Z)
 - b. Lower case letters (a-z)
 - c. Arabic numerals (0-9)
 - d. Special characters (!, @, #, etc.)
- H. Data Destruction. When no longer needed, all PII must be cleared, purged, or destroyed consistent with NIST SP 800-88, Guidelines for Media Sanitization, such that the PII

- cannot be retrieved.
- I. System Timeout. The systems providing access to PII must provide an automatic timeout, requiring re-authentication of the user session after no more than twenty (20) minutes of inactivity.
 - J. Warning Banners. The systems providing access to PII must display a warning banner stating, at a minimum:
 - 1. Data is confidential;
 - 2. Systems are logged;
 - 3. System use is for business purposes only, by authorized users; and
 - 4. Users shall log off the system immediately if they do not agree with these requirements.
 - K. System Logging.
 - 1. The systems which provide access to PII must maintain an automated audit trail that can identify the user or system process which initiates a request for PII, or alters PII.
 - 2. The audit trail shall:
 - a. Be date and time stamped;
 - b. Log both successful and failed accesses;
 - c. Be read-access only; and
 - d. Be restricted to authorized users.
 - 3. If PII is stored in a database, database logging functionality shall be enabled.
 - 4. Audit trail data shall be archived for at least three (3) years from the occurrence.
 - L. Access Controls. The system providing access to PII shall use role-based access controls for all user authentications, enforcing the principle of least privilege.
 - M. Transmission Encryption.
 - 1. All data transmissions of PII outside of a secure internal network must be encrypted using a Federal Information Processing Standard (FIPS) 140-2 certified algorithm that is 128 bit or higher, such as Advanced Encryption Standard (AES) or Transport Layer Security (TLS). It is encouraged, when available and when feasible, that 256 bit encryption be used.
 - 2. Encryption can be end to end at the network level, or the data files containing PII can be encrypted.
 - 3. This requirement pertains to any type of PII in motion such as website access, file transfer, and email.
 - N. Intrusion Prevention. All systems involved in accessing, storing, transporting, and protecting PII, which are accessible through the Internet, must be protected by an intrusion detection and prevention solution.

III. AUDIT CONTROLS

- A. System Security Review.
 - 1. The Contractor must ensure audit control mechanisms are in place.
 - 2. All systems processing and/or storing PII must have at least an annual system risk assessment/security review that ensures administrative, physical, and technical controls are functioning effectively and provide an adequate level of protection.
 - 3. Reviews should include vulnerability scanning tools.

INTRODUCTION

This handbook provides project administration guidelines and financial reporting requirements for Subrecipients under contract with Riverside County Department of Housing and Workforce Solutions (HWS) to operate the U.S. Department of Housing and Urban Development (HUD) Continuum of Care (CoC) Program. This handbook does not supersede any law, regulation, or policy issued by the U.S. Government or HUD with regard to this program.

Assistance to individuals experiencing homelessness was authorized by the McKinney-Vento Homeless Assistance Act of 1987 as amended by the Housing and Community Development Act of 1992, approved October 28, 1992. The Act established numerous programs to promote the development of housing and supportive services to assist persons experiencing homelessness in the transition from streets and shelters to permanent housing and to achieve maximum self-sufficiency. The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act), enacted into law on May 20, 2009, consolidates three of the separate homeless assistance programs administered by HUD under the McKinney-Vento Homeless Assistance Act into a single grant program known as the Continuum of Care (CoC) Program. The HEARTH Act also codifies in law the Continuum of Care planning process, a longstanding part of HUD's application process to assist homeless persons by providing greater coordination in responding to their needs.

HWS, as the HUD Grantee, partners with government and non-profit organizations through a contract to provide housing and supportive services to individuals and families experiencing homelessness within Riverside County.

This handbook is intended to outline the HWS policies and procedures as well as provide the appropriate federal codes and regulations for the HUD Continuum of Care Program to ensure compliance.

A. FISCAL COMPONENTS

The Subrecipient's financial system must comply with 2 CFR Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards).

Specific regulations for HUD CoC grants are covered in 2 CFR Part 200 and 24 CFR Part 578 (Continuum of Care Program).

This Administrative Handbook summarizes these regulations, however, Subrecipients should be familiar with the full regulations and should reference them as needed.

1. CLAIMS

Due to the large volume of paperwork associated with most grants, generally, electronic claims are not accepted. A claim will not be considered as received until a hard copy of the claim with an original signature on the 3106 is received by HWS.

In some cases, electronic claims may be accepted instead of hard copies, at the sole discretion of HWS.

2. CLAIM FORMS

Claims should be received by HWS no later than 30 days after the end of the month in which services were provided using the 3106 HUD Programs Claim Form (see attached) with the required supporting documentation (see Section 5 *Supporting Documentation*). For example, a claim for March services should be received by April 30, and a claim for April services should be received by May 30.

If the 3106 claim form is updated during the grant period, the most current version of the 3106 form should be used.

3. TIME & ACTIVITY REPORTS

Time & Activity (T&A) reports (see attached) are required for all staff (see Section 5 *Supporting Documentation*). T&A reports are required to show the actual hours that staff worked in a particular activity on a grant. *The T&A report hours must match the total hours on the payroll documentation that is provided.*

NOTE: One T&A report must be submitted for each pay period. Pay periods are not to be combined on one T&A.

4. REIMBURSEMENTS/DISBURSEMENT OF FUNDS

Generally, reimbursement payments are sent within forty-five (45) days after receipt of a claim. An expenditure which is not authorized by the Agreement, or which cannot be adequately documented, shall be disallowed, and will not be paid to the Subrecipient.

The most common causes for a delay in reimbursement are:

- Lack of documentation
- Incomplete documentation
- Unclear documentation

Once your claim has been reviewed, we will e-mail you a letter indicating any differences. If you disagree with any disallowance, please request any correction within 30 days from the date of the letter.

Any reimbursements that are made and are found later to be ineligible by HWS, HUD, or any other regulating entity must be repaid by the Subrecipient upon request.

5. MATCH (24 CFR §578.73)

All eligible funding costs, except leasing, must be matched with no less than a 25 percent cash or in-kind contribution. No match is required for leasing. The match requirements apply to project administration funds, along with the traditional expenses—operations, rental assistance, supportive services, and HMIS. Match must be met for each operating year. Match must be submitted with each monthly claim.

Match can be cash or in-kind. Matching funds provided by the Subrecipient must be money provided to the project by one or more of the following: the Subrecipient, the federal government, state and local governments, and/or private resources. Matching funds provided by state or local government used in a matching contribution are subject to maintenance of effort requirements. Match provided by other funding sources must be eligible to be used as match for the CoC program.

For an in-kind match, the Subrecipient may use the value of property, equipment, goods, or services contributed to the project, provided that, if the Subrecipient had to pay for such items with grant funds, the costs would have been eligible. If third-party services are to be used as a match, the Subrecipient and the third-party service provider that will deliver the services must enter into a memorandum of understanding (MOU)—**before the grant is executed**—documenting that the third party will provide such services and value towards the project.

All match must be for eligible activities and must follow the same documentation requirements as a reimbursement request.

If sufficient match is not included in each monthly claim to meet the required match percentage, HWS reserves the right to move reimbursement requests to match to fulfill the match requirement.

6. PROGRAM INCOME (24 CFR §578.97)

Subrecipients may use program income on any eligible costs in Subpart D of the CoC Program Interim Rule. Therefore, Subrecipients are prohibited from using program income on any costs that would not be eligible to charge to the CoC Program grant. Subrecipients must document that the program income was expended in accordance with the requirements of the CoC Program. With each monthly claim the Program Income Report (see attachment) must be submitted to show how the Program Income has been expended. Reimbursement is contingent on the inclusion of this report with each claim.

7. SUPPORTING DOCUMENTATION

The general rule for supporting documentation is that for any program cost that is to be reimbursed (or used as match), provide the invoice which documents that a cost was incurred, and a receipt, or a copy of a check, or a check stub to substantiate the amount paid. Supporting documentation must be **legible, clear, and organized**. HWS must be able to tie your request to the amounts claimed after each line item on the Claim Form. Costs can only be reimbursed if they have been included in the original Technical Submission/Application.

If the same backup documentation applies to multiple claims (for example, a cost allocated between multiple grants), a copy of that backup documentation must be included in each claim. Claims for the same subrecipient are reviewed separately and may be reviewed by different staff members.

Documentation for each budget category should be bundled together and identified with a summary sheet or label identifying the Line Item Number or the Activity as listed on the Claim Form. A spreadsheet itemizing the expenses, or at a minimum, an adding machine tape showing the expenses with a matching amount on the claim form is helpful. The clearer the information is that you provide, the quicker we will be able to process the claim.

Any costs that are unusually large or are otherwise unusual in nature should include a justification for the purpose of the cost and its relation to the program and to the particular budget category that it is being claimed in. For example, an unusual cost being claimed to Supportive Services should include a programmatic justification demonstrating how it fits into one of the categories under 24 CFR §578.53 (Supportive services).

Fiscal staff reviews each claim for expenses that are:

- **Allowable** (2 CFR §200.403)
- **Allocable** (2 CFR §200.404)
- **Reasonable** (2 CFR §200.405)

HUD has provided the following guidance on reasonable costs:

“Costs are considered ‘reasonable’ if they do not exceed what a prudent person would incur under similar circumstances. All costs must pass the ‘rational person’ test by meeting all of the following criteria:

The cost would be recognized as ordinary and necessary for the operation of the organization and/or project.

The cost is in accordance with market prices for comparable goods or services as evidenced by cost estimates and documentation.

The individuals responsible for incurring the cost acted with prudence and for the benefit of the organization and its activities.

The cost has been incurred after following the established practices of the organization, in accordance with the terms and conditions of the award.”

DOCUMENTATION REQUIRED BY HWS FISCAL PRIOR TO CLAIMING

At contract execution, all third-party MOU’s must be received.

At time of client housing move-in:

- Lease agreement, Rental Calculation, Rent Reasonableness, Utility Allowance worksheet (does not need to be submitted with each claim. **Must be submitted at client move-in and each time change occurs.**)

8. FEES AND MILEAGE

As per direction from HUD, following is information on the eligibility of some fees. Costs listed as eligible must be necessary and reasonable for performance of the project, as determined by HWS and/or HUD. Those not addressed will be handled on a case-by-case basis:

ELIGIBLE	NOT ELIGIBLE
Reconnection fees for utilities	Late fees on utilities that are either in the clients’ name or in the agencies name
Utility arrears (as long as an invoice is included that shows the service period is within the grant period)	Late fees for rent
Money order fees	Tips, service fees and delivery fees for groceries
Convenience fees for online or phone payments	Credit card interest
Debit card fees	
Bag fees for groceries	

All mileage costs must be necessary and reasonable for performance of the project, as determined by HWS and/or HUD. Standards for mileage are as follows:

- If mileage is claimed according to distances from an online map service, a printout of the online map should be included with the request.
- If mileage is claimed according to odometer readings, a log with the to/from locations, purpose of travel, and before/after odometer readings should be included with the request. Odometer readings may differ from online map service results by up to five (5) miles. When reviewing the claim, HWS will check distances for some or all of the trips and, if found to be more than five (5) miles over an online map service result, will disallow any mileage costs over that amount for that trip.

9. CAPITAL PURCHASES (2 CFR §200.439)

Capital expenditures are allowable, provided that items with a unit cost of \$5,000 or more have the prior written approval of HWS **before the item is purchased**. HWS will require proof that due diligence was achieved on the part of the subrecipient to ensure that the purchase is reasonable and was made using the federal procurement standards referenced in 2 CFR §200.318, §200.319, and §200.320.

15. SUBCONTRACTS

Subrecipient must provide copies of any subcontracts or MOU's for any services (including In- Kind Match) that will be provided under this grant prior to those services being provided.

B. UNEXPENDED FUNDS AND CLOSEOUTS (2 CFR §200.344, 24 CFR §578.109)

The Subrecipient shall complete all necessary closeout procedures, including the APR, required by HWS within a period of not more than sixty (60) calendar days from the expiration date of this Agreement. This time period will be referred to as the financial closeout period. After the expiration of the financial closeout period, those funds not paid to the Subrecipient under this Agreement shall be recaptured by HUD. HWS is not liable for any expenses or costs associated with this Agreement after the expiration of the financial closeout period.

C. INSPECTION AND AUDITS

1. The Subrecipient shall maintain auditable books, records, documents, and other evidence pertaining to costs and expenses in this Agreement (refer to Recordkeeping Requirements).
2. Authorized representatives of HWS and the federal government shall have access to any books, documents, papers, electronic data, and other records, which these representatives may determine to be pertinent to this Agreement for the purpose of performing an audit, evaluation, inspection, review, assessment, or examination. These representatives are authorized to obtain excerpts, transcripts, and copies, as they deem necessary. Further, these authorized representatives shall have the right, upon request, to inspect or otherwise evaluate the work performed under this Agreement and the premises in which it is being performed.
3. This access to records includes, but is not limited to, service delivery, referrals, and financial and administrative documents for five (5) years after final payment was made, or until all pending county, state, and federal audits are completed, whichever is later.
4. Should the Subrecipient disagree with any audit conducted by HWS, the Subrecipient shall have the right to employ a licensed, Certified Public Accountant (CPA) to prepare and file with HWS a certified financial and compliance audit (in compliance with generally accepted government auditing standards) of related services provided during the term of this Agreement. The Subrecipient will not be reimbursed by HWS for such an audit.
5. In the event the Subrecipient does not make available its books and financial records at the location where they are normally maintained, the Subrecipient agrees to pay all necessary and reasonable expenses, including legal fees, incurred by HWS in conducting any audit.
6. All Agreement deliverables and equipment furnished or utilized in the performance of this Agreement shall always be subject to inspection by HWS during the term of this Agreement. The Subrecipient shall provide adequate cooperation to any employee assigned by HWS in order to permit their determination of the Subrecipient's conformity with specifications and adequacy of performance and services being provided in accordance with this Agreement.

D. WITHHELD PAYMENTS

Unearned payments under this Agreement may be suspended or terminated if grant funds to HWS are suspended, terminated, or if the Subrecipient refuses to accept additional conditions imposed on it by HUD or HWS.

HWS has the authority to withhold funds under this Agreement pending a final determination by HWS of questioned expenditures or indebtedness to HWS arising from past or present agreements between HWS and the Subrecipient. Upon final determination by HWS of disallowed expenditures or indebtedness, HWS may deduct and retain the amount of the disallowed

expenditures or indebtedness from the amount of the withheld funds.

Payments to the Subrecipient may be withheld by HWS if the Subrecipient fails to comply with the provisions of this Agreement.

E. FISCAL ACCOUNTABILITY

The Subrecipient agrees to manage funds received through HWS in accordance with sound accounting policies, incur and claim only eligible costs for reimbursement, and adhere to accounting standards established in 2 CFR Part 200.

The Subrecipient must establish and maintain on a current basis an accrual accounting system in accordance with generally accepted accounting principles and standards. Further, the Subrecipient must develop an accounting procedure manual. Said manual shall be made available to HWS upon request or during fiscal monitoring visits.

F. AVAILABILITY OF FUNDING

Funding for this Agreement is subject to the continuing availability of funds provided to HWS during the Agreement period. HWS will inform the Subrecipient, immediately upon notice from HUD, of any limitation of the availability of funds. Both parties understand that HWS makes no commitment to fund this project beyond the term of this Agreement.

G. REPORTING

Reporting due dates are determined by a project's operating start date. Each year is funded separately, and funds cannot be automatically rolled over from one year to another. Funds also may not be rolled over from one contract to another. Please note that different programs have different operating start dates.

1. The Subrecipient agrees to follow HWS instructions and guidance to complete the following reports in e-SNAPS, SAGE or any other system designated by HUD. Failure to submit these reports may lead to a delay in receiving future grant funds.
 - Preliminary Annual Performance Report (APR) around 3 to 6 months prior to end of the operating year. The Preliminary APR is a mechanism to ensure the quality of the actual APR proactively.
 - Annual Performance Report (APR) within sixty (60) days after the end of each operating year. Upon review for completeness and accuracy, HWS staff will submit the APR to HUD as required.

2. Additional reports may be requested at any time by HWS and/or HUD to meet other applicable reporting or audit requirements, as well as evaluating project performance.

H. RECORDKEEPING REQUIREMENTS

The Subrecipients must establish, maintain, and implement written standard operating procedures for ensuring that Continuum of Care program funds are used in accordance with the recordkeeping requirements and must establish and maintain sufficient records to enable HWS/HUD to determine whether the Subrecipient is meeting the requirements of 24 CFR §578.103.

1. The Subrecipient must maintain and follow written intake procedures to ensure program compliance. The procedures must require documentation at intake of the evidence relied upon to establish and verify homeless or chronically homeless status and eligibility. The procedures must establish the order of priority for obtaining evidence as third-party documentation first, intake worker observations second, and certification from the person seeking assistance third. Records contained in HMIS, or comparable database used by victim service or legal service providers, are acceptable evidence of third-party documentation and intake worker observations if the HMIS, or comparable database, retains an auditable history of all entries, including the person who entered the data, the date of entry, and the change made, and if the HMIS prevents overrides or changes of the dates on which entries are made.
2. As part of the Chronically Homeless definition, evidence that the individual is a homeless individual with a disability must include documentation at intake of the evidence relied upon to establish and verify the disability of the person applying for homeless assistance. Acceptable evidence of the disability includes written verification of the disability from a professional licensed by the state to diagnose and treat the disability and his or her certification that the disability is expected to be long-continuing or of indefinite duration and substantially impedes the individual's ability to live independently; written verification from the Social Security Administration; the receipt of a disability check (e.g., Social Security Disability Insurance check or Veteran Disability Compensation); intake staff-recorded observation of disability that, no later than 45 days from the application for assistance, is confirmed and accompanied by the required evidence.
3. Subrecipient must ensure that records of all grant activities are complete and correct to enable HWS/HUD to determine whether recipient and Subrecipients are meeting CoC Program Interim Rule requirements and must be retained for the five (5) years after final payment has been made or until all pending HWS, state, and federal audits, if any, are completed, whichever is later. If a restrictive covenant is in effect, records shall be maintained until the covenant expires.

The Subrecipient agrees to keep all records containing protected information secure and confidential.

4. Program participant records. In addition to evidence of homeless or chronically homeless status, as applicable, the Subrecipient must keep records for each program participant that document:

- Coordinated Entry System (CES): Subrecipients must retain evidence of referral received from CES and/or HomeConnect that initiated program assistance.
- Services provided: All services, assistance and type of supportive services provided to the program participant (at least one documented activity per month), including evidence that the Subrecipient has conducted an annual assessment of services for those program participants that remain in the program for more than a year and adjusted the service package accordingly, and including case management services as provided in 24 CFR §578.37(a)(1)(ii)(F), must be documented in the participant file. Where applicable, compliance with the termination of assistance requirement in 24 CFR §578.91.
- Annual income: For each program participant who receives housing assistance where rent or an occupancy charge is paid by the program participant, the Subrecipient must keep the documentation of annual income specified by HUD and completed by the Subrecipient; and source documents (e.g., most recent wage statement, unemployment compensation statement, public benefits statement, bank statement) for the assets held by the program participant and income received before the date of the evaluation; to the extent that source documents are unobtainable, a written statement by the relevant third party (e.g., employer, government benefits administrator) or the written certification by the Subrecipient's intake staff of the oral verification by the relevant third party of the income the program participant received over the most recent period; or to the extent that source documents and third-party verification are unobtainable, the written certification by the program participant of the amount of income that the program participant is reasonably expected to receive over the 3-month period following the evaluation. Income of program participants must be calculated in accordance with 24 CFR §5.609 and 24 CFR §5.611(a).
- Calculation of occupancy charges: The Subrecipient must retain evidence of compliance with 24 CFR §578.77 (Calculating occupancy charges and rent), if occupancy charges are imposed.
- Utility allowance: For all utility allowance calculations, Subrecipients must utilize the most current utility allowance charts provided by the Housing Authority of the County of Riverside (see attachment).
- Housing standards: The Subrecipient must retain documentation of compliance with

the housing standards in 24 CFR §578.75(b), including inspection reports.

- Occupancy agreements and leases: Subrecipient must retain all signed occupancy agreements or leases for program participants residing in housing.

I. PARTICIPATION IN COORDINATED ENTRY SYSTEM (24 CFR §578.7, 24 CFR §578.23)

CoC funded projects are required to participate in the local Coordinated Entry System. As defined by HUD:

“Coordinated entry is a key step in assessing the needs of homeless individuals and families and prioritizing them for assistance. In addition to engaging people who are seeking assistance, Coordinated Entry processes should be integrated with communities’ outreach work to ensure that people living in unsheltered locations are prioritized for help. Coordinated Entry should achieve several goals:

- make it easier for persons experiencing homelessness or a housing crisis to access the appropriate housing and service interventions;
- prioritize persons with the longest histories of homelessness and the most extensive needs;
- lower barriers to entering programs or receiving assistance; and,
- ensure that persons receive assistance and are housed as quickly as possible.

J. ASSESSMENT AND MONITORING

Riverside County is on record as the applicant and grantee for the HUD grant funds. As such, Riverside County HWS is responsible for ensuring that the funds received by Subrecipients are utilized according to federal law and policy, and that goals established in the Project Application, Technical Submission, and Contract are being met. To ensure that the County and Subrecipients comply with HUD and all applicable policies, HWS will conduct program, financial, and contract compliance monitoring visits at least once annually.

Reviews will be conducted by representatives from HWS CoC staff and the Subrecipient’s fiscal liaison. The purpose of the monitoring visit is to assess how well the Subrecipient is implementing its grant and/or to offer technical assistance.

In preparation for the monitoring session, whether virtual or on-site, the monitoring team will contact the Subrecipient to arrange a mutually convenient date for the monitoring session, explain the purpose of monitoring, and provide an advance copy of the monitoring tool.

The County will follow a monitoring plan and conduct a Monitoring Entrance and Exit Meeting. During the Entrance meeting, the monitoring team will meet Subrecipient key personnel and provide an overview of the review process. At the Exit meeting, the County will review and comment on areas which might be a finding or a concern during the visit.

HWS will prepare a Monitoring Report for the review not later than thirty (30) days after the visit. The Subrecipient will be given, if appropriate, thirty (30) days to respond to the report, including submission of a corrective action plan to address any concern(s)/finding(s).

Subrecipients agree to facilitate and be subject to monitoring grant activities by HWS to ensure compliance with applicable CoC Program regulations and requirements. In addition, projects will be evaluated for HUD System Performance Measures outcome. The monitoring must cover each function and activity.

1. A monitoring session (whether onsite or virtual) of the homeless service provider shall occur whenever deemed necessary by HWS, but at least once during the grant period.
2. HWS will monitor the performance of the Subrecipient based on a risk assessment and according to the terms of this Agreement.
3. HWS will monitor the Subrecipient and funded project based on the performance measures used by HUD in the Continuum of Care Program. In the event that project-level or system-wide performance consistently remains in the lowest quartile compared to all participant Service Areas in the Continuum of Care allocation, HWS will work collaboratively with the Subrecipient to develop performance improvement plans which will be incorporated into this Agreement.
4. If it is determined that a Subrecipient falsified any certification, application and/or client information, financial, or contract report, the Subrecipient shall be required to reimburse the full amount of the CoC award to HWS and may be prohibited from any further participation in the CoC Program. HWS may impose any other actions permitted under 24 CFR §576.501(c).

K. HOUSING QUALITY STANDARDS

Subrecipients of CoC Program grant funds must abide by Housing Quality Standards (HQS) and suitable dwelling size required under 24 CFR §982.401 (Housing Quality Standards) and 24 CFR §578.75 (General Operations). In addition, Subrecipients must provide housing or services that comply with all applicable State and local housing codes, licensing requirements, and any other requirements in the project's jurisdiction.

Prior to providing assistance on behalf of a program participant, Subrecipients must physically inspect each unit to assure that the unit meets HQS. This requirement is designed to ensure that program participants are placed in housing that is suitable for living.

Housing provided to a CoC program participant must be decent, safe, and sanitary. This applies to leased housing and where rental assistance payments are made. 24 CFR §578.75(b).

Assistance will not be provided for units that fail to meet HQS, unless the owner corrects any deficiencies within 30 days from the date of the initial inspection and the recipient or Subrecipient verifies that all deficiencies have been corrected.

Subrecipients must follow the HQS General Requirements listed below and must complete HUD 52580 HQS Inspection Checklist (24 CFR §982.401). See Exhibit D on page 32.

1. Sanitary facilities;
2. Food preparation and refuse disposal;
3. Space and security;
4. Thermal environment;
5. Illumination and electricity;
6. Structure and materials;
7. Interior air quality;
8. Water supply;
9. Lead-based paint;
10. Access;
11. Site and neighborhood;
12. Sanitary condition; and
13. Smoke Detectors.

Following are the types of inspections to be performed:

1. Initial: An inspection that must take place to ensure that the unit passes HQS before assistance can begin; this inspection is conducted upon receipt of Request for Tenancy Approval;
2. Annual: An inspection to determine that the unit continues to meet HQS; this inspection must be conducted within 12 months of the last annual inspection;
3. Complaint: An inspection caused by the authority receiving a complaint from any source regarding the unit by anyone;
4. Special/Quality Control: An inspection requested/conducted by a third party.

HWS will verify that the initial and annual inspections were conducted during project monitoring which will occur approximately 6 months after project implementation. HWS will monitor HQS in accordance with the Code of Federal Regulations 24 CFR §578.75(b) and 24 CFR Part 982, by conducting quality control inspections for a sample of ten percent (10%) of a project's actively enrolled units, to meet HUD requirements. The purpose of Quality Control inspections is to ascertain that Subrecipients are conducting accurate and complete inspections, and to ensure that there is consistency among inspectors in the application of HQS.

L. LEASE AGREEMENT (24 CFR §578.51)

Lease agreement is a statutory requirement and requires a lease that has an initial term of at least one year, is renewable, and is terminable only for cause. The leases must be automatically renewable upon expiration for terms that are a minimum of one month long, except on prior notice by either party.

Subrecipient must retain a copy of a duly executed lease agreement in the participant's file.

M. RENT REASONABLENESS (24 CFR §578.51)

The Subrecipient must determine whether the rent charged for the unit receiving rental assistance is reasonable in relation to rents being charged for comparable unassisted units, considering the location, size, type, quality, amenities, facilities, and management and maintenance of each unit. Reasonable rent must not exceed rents currently being charged by the same owner for comparable unassisted units.

The Subrecipient agrees to obtain and retain records of rent reasonableness for all CoC Program participants prior to providing assistance.

Subrecipients must retain a completed rent reasonableness certification in the client file. See Exhibit E on page 40.

N. HEARTH ACT COMPLIANCE

This section is to ensure compliance with the requirements of the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH Act): Continuum of Care (CoC) Program Interim Rule.

1. Participation of Homeless Individuals

The HEARTH Act CoC Program Interim Rule states that the recipient or Subrecipient must document its compliance with the homeless participation requirements under 24 CFR §578.75(g), which is as follows:

Participation of homeless individuals.

1. Each Subrecipient must provide for the participation of not less than one homeless individual or formerly homeless individual on the board of directors or other equivalent policymaking entity of the Subrecipient, to the extent that such entity considers and makes policies and decisions regarding any project, supportive services, or assistance provided under this part. This requirement is waived if a Subrecipient is unable to meet such requirement and obtains HUD approval for a plan to otherwise consult with homeless or formerly homeless persons when considering and making policies and decisions.
2. Each Subrecipient of assistance under this part must, to the maximum extent practicable, involve homeless individuals and families through employment; volunteer services; or otherwise in constructing, rehabilitating, maintaining, and operating the project, and in providing supportive services for the project.

2. Faith-Based Activities

Subrecipient shall not require, as a condition of Program Participant housing, participation by Program Participants in any religious or philosophical ritual, service, meeting or rite.

The HEARTH Act CoC Program Interim Rule states that the Subrecipient must document its compliance with faith-based activities requirements under 24 CFR §578.87(b), which is as follows:

Faith-based activities.

1. Equal treatment of program participants and program beneficiaries.
 - (i) Program participants: Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to participate in the Continuum of Care program. Neither the Federal Government nor a State or local government receiving funds under the Continuum of Care program shall discriminate against an organization on the basis of the organization's religious character or affiliation. Recipients and Subrecipients of program funds shall not, in providing program assistance, discriminate against a program participant or prospective program participant on the basis of religion or religious belief.
 - (ii) Beneficiaries: In providing services supported in whole or in part with federal financial assistance, and in their outreach activities related to such services, program participants shall not discriminate against current or prospective program beneficiaries on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice.
2. Separation of explicitly religious activities: Subrecipients of Continuum of Care funds that engage in explicitly religious activities, including activities that involve overt religious content such as worship, religious instruction, or proselytization, must perform such activities and offer such services outside of programs that are supported with federal financial assistance separately, in time or location, from the programs or services funded under this part, and participation in any such explicitly religious activities must be voluntary for the program beneficiaries of the HUD-funded programs or services.
3. Religious identity: A faith-based organization that is a Subrecipient of Continuum of Care program funds is eligible to use such funds as provided under the regulations of this part without impairing its independence, autonomy, expression of religious beliefs, or religious character. Such organization will retain its independence from federal,

State, and local government, and may continue to carry out its mission, including the definition, development, practice, and expression of its religious beliefs, provided that it does not use direct program funds to support or engage in any explicitly religious activities, including activities that involve overt religious content, such as worship, religious instruction, or proselytization, or any manner prohibited by law. Among other things, faith-based organizations may use space in their facilities to provide program-funded services, without removing or altering religious art, icons, scriptures, or other religious symbols. In addition, a Continuum of Care program-funded religious organization retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents.

3. Involuntary Family Separation

The HEARTH Act CoC Program Interim Rule states that the recipient or subrecipient must document its compliance with involuntary family separation requirements under 24 CFR §578.93(e), which is as follows:

Prohibition against involuntary family separation. The age and gender of a child under age 18 must not be used as a basis for denying any family's admission to a project that receives funds under this part.

4. Discrimination Policy

Federal and California State laws note that discrimination can be based on race, color, national origin or gender. Discrimination can also be based on age, religion, disability, familial status or sexual orientation.

O. HOUSING FIRST

The Housing First model prioritizes rapid placement and stabilization in permanent housing that does not have service participation requirements or preconditions. This means projects must allow entry to program participants regardless of their income, current or past substance use, history of victimization (e.g., domestic violence, sexual assault, childhood abuse), and criminal record – with the exception of restrictions imposed by federal, state or local law or ordinance (e.g., restrictions on serving people who are listed on sex offender registries).

Subrecipients must commit to applying the Housing First model to all CoC Program funded projects.

P. AFFIRMATIVELY FURTHERING FAIR HOUSING (AFFH)

Affirmatively Furthering Fair Housing (AFFH) is a legal requirement that federal agencies and federal grantees further the purposes of the Fair Housing Act. This obligation to affirmatively further fair housing has been in the Fair Housing Act since 1968 (for further information see Title VIII of the Civil Rights Act of 1968, 42 U.S.C. 3608 and Executive Order 12892). HUD's AFFH rule provides an effective planning approach to aid program participants in taking meaningful actions to overcome historic patterns of segregation, promote fair housing choice, and foster inclusive communities that are free from discrimination. As provided in the rule, AFFH means "taking meaningful actions, in addition to combating discrimination, that overcome patterns of segregation and foster inclusive communities free from barriers that restrict access to opportunity based on protected characteristics. Specifically, affirmatively furthering fair housing means taking meaningful actions that, taken together, address significant disparities in housing needs and in access to opportunity, replacing segregated living patterns with truly integrated and balanced living patterns, transforming racially and ethnically concentrated areas of poverty into areas of opportunity, and fostering and maintaining compliance with civil rights and fair housing laws. The duty to affirmatively further fair housing extends to all of a program participant's activities and programs relating to housing and urban development."

Q. EQUAL ACCESS RULE

Subrecipients are required to abide by HUD's Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity final rule 24 CFR Parts 5, 200, 203, 236, 400, 570, 574, 882, 891, and 982. This rule clarifies that all otherwise eligible families, regardless of marital status, sexual orientation, or gender identity, will have the opportunity to participate in HUD programs. In the majority of HUD's rental programs, the term "family" already has a broad scope and includes a single person and families with or without children. HUD's rule clarifies that otherwise eligible families may not be excluded because one or more members of the family may be a lesbian, gay, bisexual, and/or transgender (LGBT) individual, have an LGBT relationship, or be perceived to be such an individual or in such relationship.

This rule prohibits Subrecipients of HUD-assisted housing from asking about an applicant or occupant's sexual orientation and gender identity for the purpose of determining eligibility or otherwise making housing available.

R. VIOLENCE AGAINST WOMEN ACT (VAWA)

The Violence Against Women Reauthorization Act of 2013 (VAWA 2013) significantly expanded housing protections to victims of domestic violence, dating violence, sexual assault, and stalking across HUD's core housing and homelessness programs. Subrecipients must comply with the VAWA final rule.

S. ENVIRONMENTAL REQUIREMENTS

The Subrecipient shall cooperate with HWS staff and supply all available, relevant information necessary for HWS to perform for each property any environmental review as required under 24 CFR Part 50. The Subrecipient shall also carry out mitigating measures required by HWS or select an alternate eligible property.

The Subrecipient, or any subcontractor of the Subrecipient, may not acquire, rehabilitate, convert, lease, repair, dispose of, demolish, or construct property for a project, or commit or local funds for eligible activities under this part, until HUD has performed an environmental review under 24 CFR Part 50 and the Subrecipient has received HUD approval of the property.

For all funded applications, HWS will inform the Subrecipient of any required additional environmental review.

T. TERMINATION OF ASSISTANCE TO PROGRAM PARTICIPANTS (24 CFR §578.91)

The interim rule provides that a recipient may terminate assistance to a participant who violates program requirements or conditions of occupancy. The recipient must provide a formal process that recognizes the due process of law. Recipients may resume assistance to a participant whose assistance has been terminated. Recipients that are providing permanent supportive housing for hard-to-house populations of homeless persons must exercise judgment and examine all circumstances in determining whether termination is appropriate. Under this interim rule, HUD has determined that a participant's assistance should be terminated only in the most severe cases.

U. PROJECT RENEWALS (24 CFR §578.33)

If the Subrecipient wishes to renew its contract with Riverside County HWS, the Subrecipient will need to apply through the HUD NOFA (Notice of Funding Availability) competitive process during the final year of the active grant.

All approved renewal applications will be submitted as part of the County's Consolidated Application. Problems that could prevent a program from being submitted for renewal, or receiving a low-ranking score include, but are not limited to, failure to meet program goals, low performance, mismanagement of funds, or failure to serve the population targeted in the project application.

During the application process, all applications are evaluated and ranked by an independent review panel. The review and evaluation process is approved by the CoC Board of Governance and include evaluation of project performance, compliance with rules and regulations and cost effectiveness.

V. CRIMINAL BACKGROUND

The Subrecipient providing services to minors is required to conduct criminal background records checks on all employees, subcontractors, and volunteers providing services under the Continuum of Care Program. Subrecipient must retain a copy of a criminal background records verification and available for review by HWS.
